HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic.

THE GREAT REMEDIES
FOR ALL DISEASES OF
THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as indigestion, Dyspepsia, Nervous Debility, &c., is very apt to have its functions deranged. The Liver, sympathizing as it does with the stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAININ THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries intelligently and understandingly compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,*
PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other medicine known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC an elixir that will instil new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in dyspepsia and diseases of organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 29, 1868.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who *suffer* from the above causes.

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility, or from diseases arising from derangement of the liver.

E. D. FENDALL.

"WASHING MACHINES.—Wm. B. Osborn, Port Byron, Cayuga county, N. Y., asks: Will the Club give us its opinion of Washing Machines? Is it economy to pay fourteen dollars for one of Doty's machines? Will it wash farmers' clothes clean, and not be too hard work for the women? Washing machines have so generally proved failures that I am afraid of throwing away my money upon one."

WHY TRUTH GOES NAKED.

BY SAXE.

List to a tale well worth the ear
Of all who wit and sense admire;
Invented—it is very clear—
Some ages prior to Mathew Prior.

Falsehood and truth, "upon a time,"
One day in June's delicious weather,
('Twas in a distant age and clime,)
Like sisters, took a walk together.

On, on their merry way they took,
Through fragrant wood and verdant meadow,
To where a beech beside a brook,
Invited rest beneath its shadow.

There, sitting in the pleasant shade,
Upon the margin's grassy matting,
(A velvet cushion ready-make,)
The young companions fell to chatting.

Now, while in voluble discourse
On this and that their tongues were running,
As habit bids each speak—perforce,
The one is frank, the other cunning.

Falsehood, at length impatient grown,
With scandals of her own creation,
Said, "Since we two are quite alone,
And nicely screened from observation,

Suppose in this delightful rill,
While all around is so propitious,
We take a bath?"—Said Truth "I will—
A bath I'm sure will be delicious!"

At this her robe she cast aside,
And in the stream that ran before her
She plunged—like Ocean's happy bride—
As naked as her mother bore her!

Falsehood at leisure now undressed,
Put off the robes her limbs that hamper,
And having donned Truth's snowy vest,
Ran off as fast as she could scamper,

Since then the subtle maid, in sooth,
Expert in lies and shrewd evasions,
Has borne the honest name of Truth,
And wears her clothes on all occasions.

While Truth, disdaining to appear
In Falsehood's petticoat and boddice,
Still braves all eyes from year to year,
As naked as a marble goddess.

BREAD UPON THE WATERS.

A California adventurer was trying to get back to San Francisco from the mines, where he had worked and searched without success until his means were exhausted. He came to a river, but the ferryman asked a dollar to take him across. The adventurer said:

"Then I must walk up the stream until I can ford it, for I have not a dollar in the world."

"If that is so," said the ferryman, "jump in; I never refuse to take a clever man across because he is broke."

When they reached the opposite shore, the ferryman, who eyed the adventurer closely on the way, said,

"Is not your name Jones?"

"It is," replied the adventurer.

"And your father used to live in —— street, New York?"

"He did," replied the adventurer, with astonishment to find himself recognized.

Thereupon the ferryman drew from his pocket a bag, and commenced counting gold pieces. He then said:

"I have made five hundred dollars by ferrying passengers; here are three hundred for you. You can pay me when you are flush, or if that don't happen, all right. When I was a little boy, and my mother a poor widow, many a time has your father visited our home, and when he had gone, somewhere about the room we would find money for a barrel of flour or to pay the rent, when we did not know before where it was to come from; and as long as I live, if I have a crust, when I find one of his sons in want, he shall have the biggest half."

The loan was gratefully accepted. By its aid the traveler was able to reach San Francisco, earn enough to repay his benefactor, and return safely to his home.

A BOY whose honesty is more to be commended than his ingenuity, once carried some butter to a merchant in a country village to exchange for goods. The butter having a very beautiful appearance, and the merchant being desirous of procuring such for his own use, invited the boy to bring him all the butter his mother had to spare, "I think," said the boy, "she can't spare any more, for she would not have spared this, only a rat fell into the cream, and she did not like to use it herself."

A COUNTRY pedagogue, once having the misfortune to have his schoolhouse burnt down, was obliged to remove to a new one, where he reprimanded one of his boys, who misspelt a number of words, by telling him he did not spell as well as when he was in the old school-house. "Well, thomehow or nother," said the urchin, with a scowl, "I can't ethackly git the hang of this ere new school-house."

A LAWYER in S. H., who is noted for his profanity, and, of course, for an irreligious life, being deeply engaged in an argument, declared that rather than yield to his opponent he would carry his suit to the Court of Heaven! "I guess," replied one who stood near, "you will have to get somebody else to 'tend to it, for I'll be darned if they let you into that Court."

A MINNESOTA editor says that a man came into his office to advertise for a lost dog, and that such was the wonderful power of advertising, the dog walked into the office while he was writing out the advertisement.

A DRUNKEN man fell asleep on the road side, where a pig found him and began to lick him on the mouth.—"Who's kissing me now?" exclaimed the drunkard. "What a capital thing it is to be in favor with the women."

A FACETIOUS gentleman named Hunt, of Williamsburg, Mass., dining upon a tough fowl in a Boston hotel, asked the landlady where the fowl came from. She replied, "from Williamsburg." "Impossible," said Mr. Hunt, "for the town hasn't been incorporated over forty years."

CAN you tell me," asked a blooming lass of a suitor, "what ship carries more passengers than the Great Eastern?"

"Maria. I really don't think I can."

"Well, it is courtship," said the maiden with a conscious blush.

A YOUNG lady at Monroe, Iowa, who has probably been sitting up too late at night, recently dislocated her jaw by gaping too severely. She got it fixed, and is now ready for another "feller," provided he don't stay too late.

INDIAN SHREWDNESS.

The Indians have always showed a fondness for strong drink, and have been willing to barter anything which they possessed for the means of gratifying their appetite. Sometimes, like their white neighbors, when they have become addicted to intemperance, it happens that they have nothing to barter, and then must depend upon their wits or go dry. One of this class came to a tavern and told the landlord that for a pint of whiskey he would tell him where he had just seen a bear.

The landlord produced the whiskey. "Up at the top of the hill, where the road turns—you know where the big rock is?" said the Indian.

"Yes."

"And beyond there is a big stump; you know where that is?"

"Yes"

"Beyond that stump is an oak bush, and under it is the bear fast asleep."

Boniface started with men, dogs and guns, but no bear was found.

"You lying whelp," said he to the Indian as he returned, "you have deceived me; there is no bear there, and none has been there lately."

"You found the rock, didn't you?" asked the Indian.

"Yes, I found the rock."

"And the stump was there, too, wasn't it?"

"Yes."

"And the bush was there?"

"Yes, but there was no bear there?"

"Three truths to one lie! Pretty well for Indian. Better than white man do," was the reply.

TRUE HOSPITALITY.—Let a man, then, say, my house is here in the country, for the culture of the country; an eating-house and sleeping-house for travelers it shall be, but it shall be much more. I pray you, O excellent wife! not to cumber yourself and me to get a rich dinner for this man or this woman who has alighted at our gate, nor a bed-chamber made ready at too great a cost. These things, if they are curious in, they can get for a dollar at any village. But let this stranger see, if he will, in your looks, in your accent and behavior, and heart and earnestness, your thought and will, that which he cannot at any village or city, and which he may well travel fifty miles, and dine sparely and sleep hard, to behold. Certainly, let the board be spread and let the bed be dressed for the traveler, but let not the emphasis of hospitality lie in these thing. Honor to the house where they are simple to verge of hardship, so that there the intellect is awake and sees the laws of the universe. The soul worships truth and love; honor and courtesy flow into all the deeds.—*Emerson.*

TRUTH IN BRIEF.—Anybody can soil the reputation of any individual, however pure and chaste, by uttering a suspicion which his enemies will believe and his friends never hear of. A puff of idle wind can take up a million of the seeds of the thistle, and do a work of mischief which the husbandman must labor long and hard to undo, the floating particles being too trifling to be seen and too light to be stopped. Such are the seeds of slander, so easily sown, so difficult to be gathered up, and yet so pernicious are its f

ADDRESS OF THE DEMOCRATIC STATE COMMITTEE.

DEMOCRATIC STATE COMMITTEE ROOMS, }
CLEARFIELD, Pa., July 21, 1868. }

Democrats of Pennsylvania:

THE HOUR FOR WORK HAS COME!

We earnestly invite you to organize for victory.

Attention to details, persevering energy, organization and discipline will bring triumph to your principles.

Zeal and perseverance in *every* Democrat, and thorough organization in *every* locality, are the true roads to success.

Superficial effort, noise and parade are valueless. The stake is a mighty one, and must be won by systematic work and business-like energy.

Pennsylvania is the battle-ground. At the October election the enemy will make their most determined contest.

You occupy the post of honor—the vanguard of the Democratic army. You have proven your ability to carry the State; and individual effort, faith in your principles and courage in their maintenance *now*, will enable you to count your majority by tens of thousands.

The drift of the tide is toward you; the evidences of changes are abundant; and it is apparent that the political revulsion now in progress will end in the utter overthrow of Radicalism.

Let us labor to deserve so propitious a result.

We invoke you, then, to energetic action, to close attention to the details of your organization, to the formation of clubs, to the conversion of voters, to the enthusiastic support of your candidates—Seymour, the statesman, and Blair, the gallant soldier.

Let us recognize in their names the symbols of *change*, the representatives of hatred to Radicalism; and extending the hand of fellowship to all who will aid us in saving the Republic, Conservatives and Democrats will move forward under their banner, as a mighty phalanx, united, determined and irresistible.

Let your warfare be aggressive. Defend nothing. The Radicals in power are responsible for the unhappy condition of our country. Charge upon them their extravagance and their crimes. Demand of them an account for your treasure wasted, your Union not restored, your race degraded, your business destroyed and your Government prostituted.

Let your rallying cries be, A GOVERNMENT OF WHITE MEN; EQUAL TAXATION; ONE CURRENCY FOR ALL.

Organize! Organize! Organize!
To work! To work! To work!

By order of the Democratic State Committee.

WILLIAM A. WALLACE,
Chairman.

CONGRESS "RECESSES."

Congress on Monday took a recess until the 21st of September, to be then again called together if Mr. Morgan, chairman of the Republican congressional committee of the Senate, and Mr. Schenck, chairman of said committee of the House, shall deem it expedient, and accordingly notify the Republican members on or before the 10th of that month.

Thus it is under Radical rule. The legislation of the country is left at the option of a few Radical leaders, to whom is given the power to say *when* the representatives elected as law-makers by THE PEOPLE shall meet to perform their solemn trust.

Nearly all the measures calculated to benefit the country failed; but it is some consolation that several of the most infamous failed also. Among the latter the bill to arm the blacks of the South.

The only reason for a recess, instead of a final adjournment, must be traced to the fear of the Radicals that their rickety "Reconstruction" project cannot stand alone until the Presidential election.

RADICAL politicians, it is said, are studying geography, but every map they examine has, strange to say, a "salt river" on it.

OLD THAD. AT HOME.

Trouble among the Radicals of Lancaster County.

Thaddeus Stevens's "greenback" speech has produced great commotion in the Radical hive of Lancaster county. Whilst few of the leaders seem willing to adhere to the "old commoner" in the stand he has taken, many are out-spoken in condemnation, not only of his position, but of Stevens himself. The *Inquirer* boldly repudiates him. In a two-column editorial it severely reviews the speech, and concludes as follows:

But Mr. Stevens, elected and sustained by the Republican party as the representative of this district, not only openly endorses the Pendleton theory of paying the National debt in greenbacks, but threatens in case his party does not agree with him, to go over to the enemy and assist in the election of the Copperhead candidates, "even though a worse man than Seymour headed the ticket."

Under these circumstances we are constrained to say that he not only misrepresents, but insults, the Republican party of Lancaster county

If the party believe in the Pendleton theory of paying the National bonds, and believe with Mr. Stevens, that all other questions are subordinate to this, the shortest and easiest way for them to accomplish the desired result is to go over to the enemy, and do their best to secure the election of Seymour and Blair. But they do not. With them the question of Reconstruction, and measures growing out of it, are superior to all others in the present contest, and while they can tolerate differences on minor subjects, they cannot, without a sacrifice of self-respect, silently permit a member of the party in high official position, to belittle and degrade its leading principles.

The exalted services of Mr. Stevens in the past, his heroic devotion to the cause of liberty and justice, and his long and faithful public services, cannot and will not be forgotten; but the principles of the Republican party are superior to any individual or individuals, and however reluctantly we may be forced to the conclusion, we are compelled to say that it cannot maintain its self-respect except by an open, complete and total repudiation of the position he has assumed.

In another part of the same paper appear two communications on the same subject, both from prominent Republicans, the one a soldier and the other a civilian. These are even more outspoken than the *Inquirer* editor, as the following extracts will show:

Charity led us to suppose, at first, that the story was a huge joke upon the gullibility of credulous readers, but we are no longer at liberty to credit the supposition. The painful conclusion is forced upon us that our time honored leader has spiked the Union guns on the eve of a great political campaign. After such a speech—so unnecessary and uncalled for at the time—he would deserve the thanks of Republicans by going over at once to the Democracy. Better an open enemy than a concealed foe who stabs in the dark. The Republican party has borne a great deal at the hands of Mr. Stevens. It has showered honors thickly upon him, despite his insolence and ingratitude. When he makes the bold announcement that he stands upon the infamous Democratic platform of repudiation, the only thing left for the Republicans to do is to repudiate him

And yet, this man expects the Republican party to re-elect him to Congress next October! Hitherto, on account of his years, his great services and his admitted ability, there has been a tacit understanding among the people of this county to allow him to spend the remainder of his days at Washington, and die in the harness. His recent utterances have rendered this impossible. From the present time forward, he sails with the Democratic party under the black flag of repudiation. How can any Republican consistently vote for him in the face of his late declarations? In what attitude will the Republican party stand if it send him back to Washington with such a speech upon his lips? By supporting Thaddeus Stevens, we support Seymour and Blair. By supporting Thaddeus Stevens, we commit ourselves to the infamous doctrine of repudiation. Fellow Republicans of Lancaster county, are we ready to do this thing? Are we ready to sell our principles and our honor at the beck of Thaddeus Stevens?

The time has come when Thaddeus Stevens should be taught that he is not the owner of Lancaster county. He no longer represents the sentiments of the Republican party in this district. We join our faith to the skirts of no political leader, however venerated he may have been in the past.—When a public servant is false to his pledges we cast him aside. It is our duty now to select a true and tried Republican from our ranks to fill the place of Thad. Stevens. He himself has forced the issue upon us. Any representative Republican of years and experience can be nominated and elected. Thaddeus Stevens cannot be, or I much mistake the tone and temper of the Republican party. Thousands of Republicans will remain neutral, rather than vote for him on the shameless platform of repudiation of the pledged faith of the nation.

We have no means of judging how far this hostility to Mr. Stevens may go, but it is certain that the large Radical family of Lancaster county is in anything but a happy frame of mind. It augurs disastrously for Grant and Colfax in Pennsylvania.

How easily Radicalism can be beaten at the West, where its real strength is, if anywhere, is shown by the thoroughly frightened Cleveland, Ohio, *Leader*, which says:

The State of Ohio was carried for the Republican party, last fall, by less than three thousand majority. *A change of one vote to the Democracy from the Republicans in each ward and township of the State would wipe out that majority and give the State to the Democracy.* Let Ohio Republicans ponder this. Let them consider that they are as yet by no means out of the wilderness.

Only one vote in each ward and township in a State which defeated negro-suffrage, elected a Democratic Legislature and sent ex-President, that is, expecting President Wade to retirement. No greater stimulus to the Democrats could be held out in that State. Remember, Democrats of Ohio, you have only one vote to gain in each ward and township to give the electoral vote of your State to Seymour and Blair.

THE Radicals in Congress recently passed a bill pardoning *three of the guards of Andersonville prison.* These patriotic fellows, whose bullets used to whistle along the *dead line*, have turned Radicals, and following the lead of Joe Brown, the founder of the prison, will vote for Grant. This accounts for the sudden tenderness of Congress toward these "fiends in human shape" that once shot down our brave fellows when they reached across the *dead line* for a drop of water. 'Ror for Grant and Andersonville!

JUDGE J. S. BLACK, in a conversation with the reporter for the New York *Herald*, expressed the opinion that the old Keystone State would give Seymour twenty-five thousand majority. Judge Black is one of the ablest politicians in Pennsylvania, and great reliance can be placed on his judgment of its political status.

MESSRS. AUGUST BELMONT and F. O. Prince have been chosen President and Secretary of the National Democrat Committee for four years more.

GOV. SEYMOUR'S POPULARITY.

The journey of Gov. Seymour from New York city to his home in Utica, on his return from the National Convention, was an absolute "triumphal march," affording a contrast to the absence of enthusiasm in regard to Gen. Grant, which is as remarkable as it is significant. At every town on the route, thousands of people turned out to see him, cannon were fired, bells rung, bands played, flags waved, and all the demonstrations which indicate great personal popularity were manifested. At Utica, the place of his residence, the gratification of the citizens at his nomination was signally expressed. The whole community seemed to have gathered at the depot, and the reception they gave him was one of the wildest and most heartfelt enthusiasm. Party lines were for the moment buried, and many of the most active Radicals were among the foremost in paying their regards to the great statesman whom destiny has chosen to lead the Democratic hosts on to victory. A curious feature of the day was the ringing of all the church bells, showing more clearly than any human tongue could express, the reverence felt for him at home, and the high repute in which he is held as a Christian man and sincere patriot. Gov. Seymour was much affected by these spontaneous marks of public affection, and could only make a brief speech of thanks, before retiring to the privacy of his own household.

THE FEELING IN BUSINESS CIRCLES.

The New York correspondent of the Philadelphia *Ledger* says:

The inflammatory tone of the speeches in Congress with reference to the Southern Governments and the Southern electoral vote is causing a very uncomfortable feeling in business circles, increasing as it does the prevailing distrust of the future. Great regret is also expressed that Congress, instead of taking a recess merely, did not adjourn, as usual, till December. To reassemble right on the eve of an exciting Presidential election, Republicans as well as Democrats apprehend, will be but to foment past agitations.

If the business men of the United States desire to see a renewal of that confidence which is absolutely essential to their prosperity they must unite to put down the revolutionary Radicals, who are urging their desperate and destructive schemes in Congress. All sagacious business men see and feel that their interests are being constantly imperilled by the fanatical schemes of the leaders of the Republican party, and the consequence will be a complete political revolution in the cities and large towns of the country.

A QUEER ARGUMENT IN FAVOR OF GRANT.—The New York *Herald* has been silent on the political situation for a week. It has quit prophesying that Grant will be elected. Its last effort in his behalf was a singular one. It said:

Seymour and Hoffman, the Tammany candidate for Governor, are both Puritanical in their notions, and live upon cold water and weak tea. Hoffman, we believe, did attempt a glass of lager at a German meeting during the campaign of 1866, but was compelled after drinking it to go home to bed and send for his family physician. GRANT ON THE OTHER HAND, WOULD SCORN TO DRINK WATER WITHOUT SOMETHING IN IT.

That certainly is a singular argument to advance in favor of a candidate for the Presidency, but it has the merit of truth. We commend it to the serious attention of all straight out temperance men. They ought either to answer it or to refuse to vote for Grant. Which will they do?

COMING OUT FROM AMONG THE FOUL PARTY.—There was a Seymour and Blair Ratification Meeting at Greencastle, Ind., on Saturday night week. At this meeting John A. Matson made a speech giving his hearty support to Seymour and Blair. Hitherto he has been a leading and influential Republican.

On the Thursday following there was a Seymour and Blair Ratification Meeting at Shelbyville, Indiana. And here one of the speakers was W. H. Lamaster, Esq. He is a rising young lawyer of that city, a gentleman and a scholar, and hitherto was the main hub in the Republican party in that county. He was in the war, and bears honorable scars.

Things just now look very much as though there would be a general stampede from the Republican to the Democratic ranks.—*Columbus (O.) Statesman.*

GOVERNOR SEYMOUR IN WISCONSIN.—Colonel Robinson, the editor of the Green Bay (Wisconsin) *Advocate*, and who acted a conspicuous part as a Union soldier in the late war, thus speaks of the popularity of Governor Seymour in the northern portion of that State:

"Here, especially in northern Wisconsin, Governor Seymour ought, and undoubtedly will, command *an almost unanimous support.* He has been for years, as the rising spirit in our Fox and Wisconsin Rivers improvement, closely identified with our interests; and in other ways, such as inves ing in land here, has shown his faith in the fortunes of this State. Personally, there are thousands here of all parties whose acquaintance with him will lead to their enthusiastic support, and we already hear of many in this city and vicinity, hitherto Republicans, who have declared their purpose to support him."

THE POLITICAL CHANGE IN OHIO.—The following from the Dayton *Ledger* is one of the many evidences of the political change that is now going on that State. It says:

"Charles Morris, of Troy, Ohio, one of the leading lawyers of Miami county, and hitherto an active Republican, has publicly announced his intention to support Seymour and Blair. Quite a number of other prominent Republicans in Miami county have renounced their former faith, and the Democracy there are even confident of being able to carry the county this fall."

A WARNING TO RADICAL BETTERS.—The Harrisburg *State Guard* gives up the fight and advises its readers not to bet a cent on Grant and Colfax. It says:

Betting on elections is not only mean, but it is illegal. It is gambling, and is punishable as such. Men lose their votes who bet, hence we advise all respectable men to abstain from thus violating the law. Let Republicans work instead of betting. Honest work; true, enthusiastic devotion to our cause, evinces a nobler confidence in the purity of our principles than all the wagers which can possibly be made. A day's work for the Republican party will do more good for success than a dozen bets. Let our Republican friends everywhere understand this fact and act on its importance.

BENCKER compares Grant to Washington; he presume because Grant has been successful at Brandywine.

POST THE BOOKS.

The Radicals promise rigid economy in their platform. Their practice of economy in the administration of the government is in startling contrast with their professions. Here is the record of Radical expenditure for the army and navy during the last seven years:

	ARMY.	NAVY.
1861 - -	$160,157,704	$29,889,176
1862 - - -	470,425,277	47,548,103
1863 - -	689,143,230	85,326,101
1864 - - -	815,549,292	112,213,305
1865 - -	348,292,733	103,454,337
1866 - - -	114,211,351	46,807,283
1867 - -	156,177,963	39,345,022

What hope of reform in the Radical party can the people indulge in, with the expenditures increasing from year to year with frightful rapidity? The account shows an increase of forty odd millions for the army alone, over the enormous expenditures of 1866! There is nothing but evil to be expected from the Radical party in Congress. Corruption, extravagance, fraud, oppressive taxation, military despotism and anarchy have marked every step in its progress. If there be no hope of reform from the party, what may be expected from the candidate? Will he be able or willing to arrest this swelling tide of corruption and extravagance? He is but an instrument in the hands of a violent, corrupt and revolutionary faction. If he were ever so willing to inaugurate reform in the government, he has neither the necessary knowledge of public affairs, nor the administrative capacity. Besides, he would meet with the steady resistance of his own party in Congress, the moment he attempted any salutary reform. But General Grant is a determined enemy of the reforms so greatly desired by the people. He has, in his last report as Secretary of War, recommended an increase of the standing army. If he should be elected to the Presidency, his favorite plan of increasing the army would be speedily realized, and the public burthens would be increased vastly beyond their present weight. In the army and its general would be found most dangerous enemies of civil liberty. There is but one way of saving the country, and that is by electing the able and experienced statesman, Horatio Seymour, the candidate of the Democratic party, to the Presidency. —*Patriot.*

INCREASE OF THE PUBLIC DEBT.

Forney's *Press* says that the public debt statement to be issued on the 31st inst., will show an increase of five or six millions of dollars since the last statement, issued on the 31st of May.

So we go on, remarks the Lancaster *Intelligencer*—paying such enormous taxes as never burthened any people in the world before, raising vast sums of money to be squandered in the vain attempt to set up negro governments in ten States of the Union, and to keep in power the most corrupt set of swindlers that ever fastened like leeches upon the public treasury of any nation. Since the war ended *more than a thousand millions of dollars* have been wrung from the sweat and toil of the laboring men of the nation, only to be expended in the most extravagant and reckless manner by the Radicals whose tool Gen. Grant has consented to become.—Month by month the national debt increases, and the burthens upon the toiling millions of white men grow heavier. How much longer will they consent to be the bond slaves of such unfeeling taskmasters? They have the matter in their own hands. The ballot box is still open in the Northern States, and white men are not yet disfranchised that negroes may rule in Pennsylvania. In October and November the masses of this State must record their verdict. If they desire a change they can have it. Let them think before voting.

CHICAGO PROMISES AND WASHINGTON PERFORMANCES.—The Chicago platform, drawn up by the very people whose extravagance it pretends to denounce, calls with amazing coolness for "financial reform," and promises greater economy in the management of the public purse.

But the authors of the Chicago platform have just at Washington deliberately postponed *till next year the reduction of the regular army, thereby entailing upon the tax-payers of this country an admittedly superfluous outlay of nearly fifty millions of dollars, or more than two-thirds of the whole expense of the Federal Government before the war.*

"NEVER," says the St. Louis *Times*, "in the history of St. Louis has a Presidential campaign been inaugurated with such certain omens of victory as the present. From the moment that the nomination of Seymour and Blair was announced, not only did mere difference of opinion as to men vanish from among Democrats, but those of heretofore opponents who had opened their eyes to the suicidal course of leading Radicals, openly manifested their adhesion to the Democratic platform, and one and all, with enthusiastic unanimity, pledged themselves anew to fight for liberty."

PERHAPS the most extraordinary thing recorded in the annals of the American Congress was that witnessed last Sunday evening in the Senate, when Willard Warner, a resident of Newark, Ohio, was sworn in as Senator from Alabama. Was there no other day but the holy Sabbath for this sacrilege to be perpetrated? Having set the Constitution and the people at defiance, do the Radicals now propose to strike at the ordinances that were handed down from the mysteries of Mount Sinai? Yet this is the party of *morality.* What has become of Voltaire and his disciples?—*Cincinnati Enquirer.*

THE DIFFERENCE.—During the four years of President Polk's administration, which included the Mexican war, the expenses of the War Department were $90,540,788. The expenses of that same Department for the year ending the 1st of July, 1868, the third year of peace, are $128,858,494, or over $38,000,000 more during one year of peace than they were during four years of Democratic rule with the Mexican war on their hands.

A DISTINGUISHED CONVERT.—A letter from Philadelphia, dated Monday, says: It is ascertained positively today that Col. William B. Thomas has come out for Seymour and Blair. The arguments of his Radical friends proved of no avail whatever. He was formerly Collector of the Port under Lincoln and a prominent Radical leader.

MR. PARTON, the popular author, believes that the coming man will not be a drinker of whiskey. He does not name Grant, but we take it for Granted he means him.

TERRIBLE FLOODS.

Loss of Life and Destruction of Property.

On Friday morning last rain fell in unprecedented quantities in different sections of the country, causing most destructive floods. On the Lehigh river, in this State, dams, mills and houses, were carried away, in some cases involving loss of life. On the Schuylkill and Susquehanna rivers much injury also resulted.

At Baltimore the water rose to a point higher than ever before known—exceeding even the great flood of 1817. The water from the Falls spread out as far as Holliday street, flooding the cellars and lower floors of the stores and dwellings in that part of the city, and carrying away an immense amount of property. The water was up to the second story of the Maryland Institute. North street was under water eight or ten feet deep. Calvert Station was flooded, and so injured as to prevent cars from running into it. Seven bridges across the Falls were destroyed, involving a loss of $500,000 to the city. A number of persons were drowned.

At Frederick city great damage was also done, the water rising to a point never before reached. All the bridges were destroyed, and several houses swept off. The rise of the water was very rapid—from eight to ten feet in almost as many minutes. Fortunately, no lives were lost, though several narrow escapes were made.

The saddest news, however, reaches us from Ellicott City, or Ellicott's Mills. A reporter for the Baltimore *Sun*, under date of July 24, 9½ A. M., says:

The great flood in the Patapsco river at Ellicott City was unprecedented, and very destructive of lives and property. Communication between the Baltimore county and Howard county sides of the river has been cut off by the raging torrent, and so many bridges have been destroyed that railway travel has been suspended. Within the recollection of the oldest inhabitants the rise of water has never reached within ten feet of what it did to-day.

The rain commenced falling at about eight o'clock A. M., and came down in perfect sheets, quickly swelling all the tributary streams and overflowing the river. The rain fell in such vast torrents that the rise in the Patapsco was five feet in ten minutes. The rain continued incessantly until about half-past ten, but the flood began its destruction about 9½ o'clock. It is supposed that the damage done to property in this vicinity will amount to at least a million of dollars, but the most distressing feature of the visitation was the loss of about fifty lives. Upwards of twenty-eight houses were swept away, leaving scarce a vestige behind. As nearly as can be ascertained, with the flood and destruction still on every hand, the following loss es and casualties have taken place:

Gambrill's lower Patapsco flour mill has been entirely swept away, and with it two men, one named Wm. Steel and the other ——— Snyder. Mr. Steel was afterwards seen clinging to a log, and it is said was saved. Gambrill's upper mill has been partially destroyed.

The extensive granite cotton mill of Benj. Deford, which is said to have cost $160,000, is a total ruin. In it Mr. McCauly, a night watchman, lost his life. Gray's large granite cotton factory has been considerably damaged. the house of Mr. Boone, the superintendent of Mr. Deford, and the gardener's house are gone, but their families were saved.

The entire row of houses between the turnpike bridge and the Patapsco Mills are all swept away. Dr. T. B. Qwings' new house was forced by the water across the alley which divides it from Palmer's row, and his wife and six children climbed to the roof of Mr. Wm. H. Fountain's dwelling, there only to await destruction. In a few minutes the flood carried off the house of Mr. Fountain, who is the head miller at Gambrill's mill, himself, wife and daughter, the wife and six children of Dr. Owings, who had there sought protection, and four colored servants. Mr. Wm. Partridge, a mechanic, 60 years old, with his wife and grand-daughter, are lost.

Among others that the cruel waters have carried away with their houses are Mr. William Patterson, wife and son; Mrs. Farrier and her two grandchildren, Fannie and Emma Duvall; Wm. Reese, a wheelwright, wife, son and daughter.

Dr. Owings was on the opposite side of the river after his house had gone, was told his family was in the adjoining one, and, standing there, saw it too driven to destruction, unable to give the least assistance. He has only two children left, who were away from home.

Under date of July 25 the same reporter gives the names of the drowned, as follows:

Mrs. Dr. T. B. Owings, six children and three servants; [Dr. Owings has two other children, who were absent from home at the time of the sad occurrence;] William Patterson, wife and child; John Reese, daughter, sister-in-law and her daughter; John Debrow, wife and child; Mr. Fountain, wife and daughter; Mr. Farrell, wife and two nieces; Misses Mary and Fannie Duvall, servant and a lady visitor; Wm. Partridge, wife and child; Matthias McCauley, William Snyder, Mr. Murphy, wife, child and mother-in-law, and Mrs. Timmons and her two step-daughters, the Misses Johnson—forty-three altogether.

The bodies of several of the unfortunate victims have been recovered at Ilchester, Relay House and other points, as follows: Mrs. Owings, two children, and one servant; Mr. Partridge and wife, Mrs. Farrell, Miss Mary Duvall, Mr. McCauley, John Reese, Mr. Murphy, Mr. and Mrs. Debrow and Mr. and Mrs. Fountain. In addition to the above the bodies of two men, one woman and a child about four years of age, supposed to be a child of Dr. Owings, have been recovered at the Relay House.

BALTIMORE, July 27.—Thousands of persons are still at work repairing damages and clearing away debris caused by the recent flood. The Baltimore and Ohio Railroad is seriously damaged all the way to Frederick, and the cars will not be able to run there for several days. A train was submerged near Ellicott City, and the passengers were obliged to escape to the hills. No trains on the Northern Central are running yet this side of Cockeysville.

Benjamin Deford, owner of the granite factory, losses $230,000, the same as cash paid out. Mr. Carroll, owner of the Patapsco Mills, loses $60,000, and Gambrill $30,000. Private subscriptions are now being made for the sufferers here.

Four more bodies, two men and a woman and child, were recovered today at the Long Bridge.

IT is one of the "signs of the times," that Gen. Grant, on his late trip from Washington to Cincinnati, in the cars, although it was announced that he was on the road, was not noticed at any one of the stations between the two cities. Not even in the great Radical city to which he was bound! Not even a bouquet sent him by a lady! The fact is, the people have almost forgotten that he is a candidate. "Let us have peace."

GEN. THOMAS EWING, Jr., concerning whose political views and intentions, since the New York Convention, a good many false reports have been circulated, has positively declared his intention to support the Democratic ticket—Seymour and Blair.

THE cities of New York and Brooklyn, and the two or three adjoining counties, will give Horatio Seymour one hundred thousand majority. Mark the prediction!

APPROACHING ELECTIONS.—Prior to the Presidential election, State elections will be held in eleven States, as follows:

In Kentucky on the 3d of August; in Tennessee on the 6th; in Vermont on the 1st of September; in California on the 2d; in Maine on the 14th; in Nebraska on the 6th of October; in Pennsylvania, Ohio, Indiana and Iowa on the 13th, and in West Virginia on the 22d.

The third of November, the day of the presidential election, is also the day for holding State elections in Massachusetts, New York, New Jersey, Delaware, Maryland, Illinois, Michigan, Wisconsin, Minnesota, Missouri, Kansas and Nevada.

PARDONED.—The Reading *Gazette* says that on Saturday Governor Geary pardoned Henry Mansfield, convicted of horse-stealing, and sentenced to three years and eight months imprisonment in the penitentiary. When Geary was inaugurated he promised not to abuse the pardoning power, but he has so far released more thieves, murderers and violators of law than any Governor we ever had; while, in some cases, he has withheld the exercise of that power where it would have been eminently proper to have used it. Geary has lost the confidence of the people, and with his present term of office ends his political career in this State, at least.

SANFORD CONOVER, who, it will be remembered, was one of Stanton's tools, and was convicted of perjury, and is now serving out his sentence in the penitentiary, has been succeeded in his avocation by a rebel deserter, called James Sidney Hill, by whom Forney endeavors to prove that the Hon. Horatio Seymour, whilst Governor of New York, was in correspondence with the confederate government. It is not at all surprising that the author of the Jamison letter should be "check by jowl" with one who has been a rebel, a deserter and a perjurer.

THE Radical organs declare that the ticket of Seymour and Blair is a weak one! The fact is, that within one hour after it was made, it led to more ratification meetings in its favor than the Grant and Colfax ticket has elicited in the eight weeks it has been before the public! The Radical wire-workers are trembling in their shoes at the strength of the ticket, while they are declaring it to be weak! They can't impose upon any body, however.

IT is only one thousand dollars a minute—that's all. Just that little sum is required to keep the Radical Government going, the Freedmen's Bureau in operation and official thieves in pocket money and fine houses. Who wouldn't be a loyal leaguer? Who wouldn't be a patriotic Radical, and who wouldn't prefer a nigger to a white man?

CHIEF JUSTICE CHASE.—The Washington correspondent of the Pittsburg *Post* says "Chief Justice Chase declared to-day, to a Western friend, that while he could not personally accord with the resolutions on the reconstruction acts, and believed that the present constitutions in the South ought to stand till changed by the people of each State, all voting, yet he was a States Rights Democrat, and in full sympathy with the Democratic party. He also spoke very highly of Governor Seymour."

IT is a little remarkable that the Chicago Convention should have called for its first set speech after the organization upon ex-Governor Brown, of Georgia, the only undeniable traitor in that State. For the others there is at least the plea of secession, but this man seized, *vi et armis*, upon Fort Pulaski even before his State "went out." Yet the Convention, this "loil" Convention, invited him to open its deliberations, and by this superior compliment put itself on record as preferring a renegade secessionist to any of its five hundred loyalists tried in the fire.

FRAMEWORK of all the leading articles of the Republican press from the present time till next November:

Copperhead .....rebel. .....traitor.....

THE Radical papers are publishing huge puffs of Gen. Grant's economy, but have not a word to say in regard to his recommendation to *increase* the pay of the *immense* crowd of idle army officers *one-third.* That would raise Grant's salary to *over thirty thousand dollars a year.* Would that be economy? We leave the tax-ridden masses to answer.

IT is reported that Gen. Sherman is out for Grant. The milk in that cocoa-nut is easily accounted for. Sherman wants Grant's place as "General of our armies." $20,000 per annum is not to be sneezed at, even by Gen. Sherman.

BLAIR against Colfax; a brave and dashing soldier, as well as an experienced and upright legislator, against a chronic politician upon whose record are the blotches of all the devilries of the Radical Congress.

PHILLIPS snarls at Grant, the Radical German organ at Indianapolis refuses to support him, and Yates says the people of Illinois will repudiate the Chicago platform by fifty thousand majority. "Let us have peace."

EMANUEL LEUTZE, the eminent artist, died at Washington, on Friday evening week, of apoplexy. The painting, "Westward, Ho," above the great marble staircase in the interior of the southern wing of the capitol, at Washington, is from his pencil. He was 48 years old.

IF the respective nominees of the two parties—Seymour and Grant—could be prevailed upon to travel over the country together and give their views upon political topics, nine men out of ten would vote for Mr. Seymour.

THE Radicals are in great trouble because Grant has nothing to say, and in still greater when he does say something.

THE Radicals say their party is a unit. When the votes are counted this assertion will be substantiated. They will be nearer a unit than they themselves suppose.

"LET us have peace," says Grant, with his heel on the neck of the South and his hand in the purse of the North.

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES.

Death of Dr. David Gilbert.—The telegraph, on Wednesday morning, announced the death of Dr. David Gilbert, which occurred at his residence, in Arch street, Philadelphia, at half past nine o'clock on Tuesday evening, after a somewhat protracted illness of disease of the liver. The intelligence caused general sorrow in this community, where he was long known and highly esteemed.

Dr. Gilbert was a native of this county—born on what is known as the Koser farm, in Butler township. He graduated at Jefferson College, Cannonsburg; studied medicine with Dr. John Paxton here, and attended lectures at the University of Pennsylvania. He commenced practice at Northumberland, in this State, and in 1832 removed to Gettysburg, where he soon attained rank among our leading physicians. About twenty years ago he was chosen a Professor in the Medical Department of Pa. College, at Philadelphia, in which capacity he served a number of years. He also held the position, by appointment of Gov. Bigler, we believe, of Physician to the port of Philadelphia. Devoted to his profession, he gave to its various branches the closest study, which, coupled with sound judgment, enabled him to reach a position second to none among the many eminent physicians of Philadelphia. His death has created a void not easily filled. His stricken family have the sympathies of this entire community, in which his worth will not soon be forgotten. Peace to his ashes.

—The remains of Dr. Gilbert will arrive here by the train this evening, to be interred immediately in Ever Green Cemetery.

Heavy Rain.—A heavy rain storm occurred in this region on Friday morning last. It commenced shortly after midnight, and continued until about 11 o'clock in the forenoon, the water at times coming down in torrents. The streams rose to a considerable height, in a few instances carrying off fences, hay, &c., but not doing general damage.

A valuable mare belonging to Mr. Elias Hartman, Franklin township, was killed by lightning in a field during the storm.

The chimney of Mr. Lewis Hoope's residence, on the Chambersburg turnpike, was struck and knocked off by lightning, but the house and its inmates fortunately escaped.

New Dioceses.—Two new Catholic Dioceses have been formed in Pennsylvania, one including the counties of Clinton, Centre, Mifflin, Franklin, Cumberland, Adams, York, Dauphin, Northumberland, Columbia, Lebanon, Lancaster, Montour, Union, Snyder, Juniata, Perry and Fulton, and is named the See of *Harrisburg;* the other includes the counties of Bradford, Luzerne, Lycoming, Monroe, Pike, Sullivan, Susquehanna, Tioga, Wayne and Wyoming, and is named the See of *Scranton.* Right Rev. J. F. Shanahan, D. D., has been appointed Bishop of this diocese, and Right Rev. W. M. O'Hara, D. D., for that of Scranton. They were consecrated, with imposing ceremonies, in the Cathedral in Philadelphia, on Sunday, the 12th instant.

Pennsylvania College.—The catalogue of Pennsylvania College for 1867–68 has been placed upon our table. From it we learn that the whole number of graduates has been 405; average number per year 12; deceased 58. Students for the present year: Seniors 13, Juniors 21, Sophomores 32, Freshmen 35—Undergraduates 101; Primarians 43, Junior Preparatorians 57—Preparatorians 64. Total 165. The College Library contains 6,000 volumes, the Phrenakosmian 5,353, the Philomathean 4,850, the Linnæan 100, the German Society 250—total 16,553. The next Annual Commencement will occur on the second Thursday in August. The Fall term will begin on the 24th of September.

Serious Accident.—Mr. Joseph Wible, of this place, was seriously injured on Wednesday. Whilst on the second tier of joists in his warehouse in course of erection on the Railroad, a board on which he stepped tilted, precipitating him to the cellar, the fall rendering him for a time insensible. Dr. Charles Horner was called in, who, on examination, found Mr. Wible seriously hurt about the head, affecting the brain, and two of his ribs fractured. Considerable apprehension in regard to his recovery was at first entertained, but he was better yesterday morning.

Severe Accident.—Mr. Levi Lawrence, of Mountpleasant township, met with a painful accident on Wednesday. Whilst backing his wagon out of the barn, the hub of a front wheel struck one of the doors, which caused a sudden movement of the wagon-tongue in the other direction, and striking Mr. Lawrence in the face, broke his jaw and otherwise injured him.

Painful Accident.—We learn that a gentleman living in Silver Spring township, near Hoover's mill, named Alfred Shull, had his left leg cut entirely off immediately above the ankle, by a reaper. The accident occurred in turning the machine. Mr. Shull called to the boy, a son of Mr. Hoover's, who was driving, to turn the reaper, and, not being heard, he attempted to attract the boy's attention by going to the front of the machine, when it made a sudden turn, catching him in the knives, and severing his leg instantly, as above. He is under the care of a skillful surgeon, and as comfortable as the nature of his injuries will permit.—*Mechanicsburg Democrat.*

Accident.—We learn that on Thursday, the 16th inst., a son of J. R. Group, of Tyrone township, had his right leg broken, midway between the thigh and knee. It seems while the father and several of the family were engaged in unloading a load of grain, the lad and several other boys were amusing themselves by turning summersets from one of the cross-ties into the mow, when the accident occurred. Dr. Marsden was immediately sent for, who set the broken limb.—*Star.*

Balloon Ascension.—Gettysburg is to have a Balloon Ascension! Mr. John A. Light, the distinguished Æronaut, of Lebanon, was here on Wednesday, and completed arrangements to make an ascension from the Fair Ground, in this place, on Thursday, the 20th of August next. An immense attendance may be expected.

Omission.—In the list of candidates to be nominated by the Democratic County Convention, published in our last, District Attorney was inadvertently omitted.

County Convention.—The Radicals of this county will hold their Convention on Monday, the 17th of August, to nominate a county ticket. What's the use?

Not to be Sold.—The property of Fanny Wagoner, advertised by Sheriff Hann, is not to be sold, the claim for which it was levied upon having been satisfied.

Corner-stone Laying.—The corner-stone of a new Reformed Church will be laid at Emmitsburg to-morrow. The services will begin at 2 o'clock, A. M. Rev. Dr. J. W. Nevin is expected to be present and to assist on the occasion.

Improvement.—Workmen are now engaged on the "Globe Inn," in this place, raising it another story, and otherwise improving it. The change will no doubt be very marked, and add no little to the appearance of York street.

Losses.—We understand that several of our forwarding men suffered some loss by the great flood in Baltimore last week. They had hay, oats, &c., in store for sale on North street. The high water entering the warehouses, damaged the articles seriously—in some cases ruining them.

Horses Stolen.—Two valuable horses were stolen from Col. John Waugh, near Fairfield, this county, on Saturday night last. A pair of drunken stragglers, in the neighborhood the day previous, are supposed to be the parties guilty of the theft. Search is being made for them and the horses. Farmers must again be on the watch.

Property Sales.—James Bigham has sold his farm to Messrs. Fahnestock and Duncan, for $7,000 cash.

Messrs. Fahnestock and Duncan have sold one of their building lots, on York street, to Wm. H. Grumbine, for $

SEYMOUR, BLAIR AND VICTORY!

FOR THE CAMPAIGN.

The COMPILER will be issued from this time until after the Presidential election at FIFTY CENTS, or FIVE COPIES for TWO DOLLARS—in advance in all cases.

Fellow Democrats, the most effective way to help the Democratic cause is to circulate Democratic papers. The COMPILER will do its full duty for the enlightenment of the people, as heretofore. CIRCULATE! CIRCULATE!!

MONEY MATTERS.

Though the size of the COMPILER has been increased to thirty-six columns, making it one of the *very* largest papers in the State and *the* largest in this Congressional district, the subscription price remains as before—$2 a year in advance, or $2.50 if not so paid.

With a heavy additional expense in publishing, and an increase in the price of the paper, this fact is evident: *pay must be prompt*—more promptly than heretofore. Otherwise it will be impossible to meet enhanced outlays.

Publishers of smaller papers at other places ask advance payment in all cases. Can we, with a mammoth sheet, be expected to get along with less?

ALL in arrears are urged to pay up without delay—then take a fresh start, with a clean account and a year ahead. Such as shall manifest no disposition to settle in a short time, must not be surprised if our patience should give away. We cannot afford much longer indulgence.

To that noble body of patrons who are never behind in their payments, earnest thanks are again extended. They are an honor to the race, and deserve a happy hereafter.

HOW THEY HAVE RETRENCHED.—The Radicals have had control of the government for eight years, yet all they have done towards establishing economy in its administration was to adopt a resolution at the Chicago Convention. A resolution can effect nothing, but proper legislation would. Yet with just as complete control of Congress as they had of the Convention, they have failed to pass a single law to reduce expenses, abolish corruption, or lighten the burden of taxation. Judge the Radical party by its acts, and not by its professions.

No sooner were Seymour and Blair nominated than the Radicals in Congress took steps to prevent the counting of any Southern electoral votes which might be cast for them. This shows what they expect. They have no hope that Grant can be honestly elected, and are preparing to perpetrate a fraud of the most outrageous character, if necessary; but the people will save them all that trouble by giving to the Democratic candidates so large a majority that there can be neither temptation nor excuse for such rascality.

MORE black mail! The Radical committee at Washington have assessed Jesse Auchmuty, Postmaster at Millersburg, $23, as his share of their corruption fund. Mr. Auchmuty "can't see it in that light!"

GEN. HANCOCK has written a letter endorsing Seymour and Blair.

Weep no more; he is not dead,
But our father only sleepeth;
And his soul has fled to heaven,
Where there is no eye that weepeth.
There in that bright world above,
All his sins are now forgiven,
Singing to his Savior's love—
We could not wish him back again.
Father, no more will join our number,
He no more our hall shall tread,
And our souls shall join him at last,
And dwell in perfect love.
May he rest in peace! E. IRVIN.

containing about 90 ACRES of first-rate land, situate in Mountpleasant township, aforesaid, adjoining lands of Alexander Young, James Buttera, Thomas Stonesifer and others.

The improvements consist of a double LOG HOUSE, Barn, spring house, and other out-buildings. This property has due proportions of meadow and timber. It is beautifully situated in a good state of cultivation, having been recently limed. The farm will be sold in one tract with the exception of about 2 acres, which are cut off by the public road leading from Arch's store to Square Corner, which will be sold separately. This tract affords a fine opportunity to any person wishing to purchase a small lot, as it is favorably situated on the road side and is of excellent quality.

Persons desiring to view the property can call on the tenant, Mr. Charles Sterner, residing thereon, or upon Jacob Noel, Esq., who lives a short distance from the same.

Sale to commence at 1 o'clock, P. M., on said day, when attendance will be given and terms made known by

PACIFIC

GUANO COMPANY'S

(CAPITAL, $1,000,000.)

SOLUBLE

PACIFIC GUANO!

THE VALUE of this Guano is now so *well known and appreciated by experienced planters* that it does not require further commendation from us.

The Company *owns the Guano Islands*, and is the *source of supply* from which its raw material is drawn. Hence this Guano, possessing such high excellence, can be brought into market at a price not exceeding that of the inferior Super-Phosphates of Lime.

The large capital invested by this Company affords the surest guarantee of the continued purity of their fertilizer, as the safety of their capital depends upon continued patronage.

Experience has shown that this Guano ripens the Wheat crop from *five to six days earlier* than the Super-Phosphates.

It is the policy and purpose of the Company to put it within the reach of Farmers of small means and capital, adapted by the best available skill to, and brought into market, at the lowest possible cost to consumers.

Farming and Housekeeping.

DRYING SWEET POTATOES.

The extreme difficulty of keeping sweet potatoes in good condition, especially in the markets and storehouses of cities, exposed to constant changes of heat and moisture, is fully appreciates by housekeepers and dealers in vegetables. The wonderful productiveness of this esculent in the South, and its great value as a cheap, nutritious and favorite food of all classes, has often suggested the wish that it might be more available as a food product. Dr. C. K. Marshall, in the *Vicksburg Times* of Sept. 4th, 1867, asked:

"Cannot sweet potatoes, which our soil and climate are so wonderfully adapted to produce, be cut up into little slices and so dried that they might be an article of merchandise? Fruits and vegetables have been dried and prepared for shipment, and thus become valuable crops. If sweet potatoes can be treated so as to preserve the saccharine matter, and become an article of food even though not as agreeable as the undried root in its best condition, they would pay as handsomely as any product of the southern soil."

This inquiry has been answered by Francis H. Smith, of Baltimore, who has dried sweet potatoes successfully in his drying tunnel, which is a chamber of lath and plaster, twenty feet long and six in depth and breadth, with a peculiar furnace at one end, a chimney of boards at the other, capable of preparing twenty-five bushels of sliced peaches. Mr. S. makes the following statement of his mode of procedure:

"They are pealed by a little machine, and sliced three-eights of an inch thick by another, with great rapidity.—When dried, they have lost two-thirds of their weight, weighing twenty pounds; are white, and so flinty that the knife makes but little impression; but when cooked—steaming is the best—they resume their original appearance, and are in every respect equal to the undried fruit in its best condition."

FAILURE OF THE PEACH CROP.

After an *unusual show of blossoms* early in the spring, on apple, pear, peach and cherry trees, the fact seems now settled in this section, that there will be an unusual *deficiency of fruit*.—The long continuance of wet weather during the critical period of blossom fertilization, acted this season as it generally does, to obstruct the formation of fruit. There is an elasticity in pollen, under a favorable condition of weather making a *fertile* blossom, which is greatly interfered with by a continuous wet spell, such as we have just passed through. The organs, though perfect in themselves, cannot act. As this excess of wet has extended over a large section of country, a corresponding deficiency of fruit will doubtless be the result.

One of our subscribers in Chestertown, Md., writes us, "Our peach crop is almost an entire failure this year. I heard a gentleman say yesterday, that a month since he would not have taken $15,000 for his crop; but now he would take $1,500 The failure will be felt very much, as it has for years been the means of bringing a great deal of money into this county. Cecil county is likewise a sufferer, as well as the state of Delaware,—so that your cities will not be able to enjoy peaches and cream on the same terms as heretofore."—*Practical Farmer.*

CHEAP FERTILIZER.

For several years past, Mr. L. E. Metcalf, of Franklin, Mass., has used, as he recently informed us, a compost of salt, ashes and plaster, on all his farm crops, with results so entirely satisfactory, that he feels safe in recommending it to others. Without being very exact in weighing or measuring the ingredients, he intends to mix one part of salt with two parts of gray rock plaster, and then adds about an equal bulk of wood ashes. The mass is then thoroughly mixed, and allowed to stand a few days before using. If applied alone, about 300 lbs. are spread upon the land whether cultivated or in grass. If other manure is used upon the same land, the compost is worked into the manure, and both used together. On land on which plaster has no perceptible effect when applied alone, this compost proves as beneficial as on land where plaster works favorably, in consequence, as he believes, of its combination with the ashes. Mr. M. prefers this home-made compost to any of the commercial manures.—*Mass. Plowman.*

SAWDUST—ITS USE.—The *New England Farmer* devotes considerable space to the consideration of sawdust and its uses as a fertilizer and the manner of treating it preparatory to its application to the land. As preliminary, it forms a soft and excellent bedding for stock, while it absorbes and retains the larger portion of the urine which would otherwise run to waste.—Besides, it forms a more cleanly bed for stock than most other kinds, and to farmers in the vicinity of sawmills, is easily attainable. Though slow in decomposing, its retentiveness is such finally to impart to the land on which it is used, increased liveliness and strength, if packed down closely and occasionally watered for some time before being applied to the land. Properly prepared before being used, it may be placed in or used as a top dressing for meadows in the spring, though it is probably more effective when turned under.

BLACKBERRY WINE.—There is no wine equal to blackberry wine when properly made, either in flavor or for medical purposes, and all persons who can conveniently do so, should manufacture enough for their own use every year, as it is invaluable in sickness as a tonic, and nothing is a better remedy for bowel diseases.

Measure your berries and bruise them; to every gallon adding one quart of boiling water. Let the mixture stand twenty-four hours, stirring occasionally; then strain off the liquor into a cask, to every gallon adding two pounds of sugar; cork tight, and let stand till the following October, and you will have wine ready for use, without straining or boiling. This makes a most palatable wine.—*Exchange.*

PAINT TO ENDURE.—It is said that boiling coal tar with slaked lime, will make a shining surface on wood work, and walls of any kind, which is as imperishable as stone, and therefore valuable for out-houses, &c.

A DANDY, ordering a pair of pantaloons of his tailor, said that he wanted them very tight, according to the latest fashion. "If I can get them on," said he, "I won't take them."

KISSINGER & SHIREMAN,

NO. 2 WEST MARKET STREET,
YORK, PA.,

AGENTS AND DEALERS IN
PIANOS, CABINET ORGANS, MELODEONS, AND ALL KINDS OF MUSICAL INSTRUMENTS,

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:

Alberti, Reiker & Schmidt,
Chickering & Son, Bradbury,
Knabe & Son, Gale & Son,

ENTIRLY CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR *ORGANS AND MELODEONS.*

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard, to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-bass with independent reeds, Harmonic attachment and Cox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All Instruments warranted for five years.

☞PIANOS tuned and supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individ
